Tyre Insurance

Introduction

Your new car is probably your pride and joy. We want to help you keep it that way and Tyre Insurance can help save you money.

How Can Tyre Insurance Help?

Accidental tyre damage is an everyday reality. Driving over glass or a nail, hitting a pothole or kerb, or even where a tyre suffers from malicious damage can result in a tyre having to be replaced. Keeping your tyres in perfect condition is vital to your safety, as well as to your budget.

Modern Tyres Can Be Expensive

Although sometimes a tyre can be repaired, it isn't always an option which is why Tyre Insurance is the perfect way to keep your car on the road.

Who Can Apply?

Alloy Wheel Repair Insurance is available:

- To an individual who has purchased or leased an eligible vehicle and who are resident in mainland Britain
- For vehicles purchased within the last 60 days that are under 10 years old and have covered fewer than 100,000 miles at the start of the policy
- Where the tyres fitted to the car have a minimum of 2mm tread depth across the full tread of the tyre

This document contains some important facts about Tyre Insurance. It is to be regarded as only a summary of cover to help assist you in making an informed purchase decision. When cover is purchased a full policy document will be provided which contains all of the terms and conditions of the policy. Please take time to read the policy document to make sure you understand the cover it provides.

Who Is The Claim Administrator?

Claims are administered by MB&G Insurance Services Ltd, Cobalt Business Exchange, Cobalt Park Way, Newcastle Upon Tyne, NE28 9NZ. Tel: 0191 258 8185. Email: claims@mbginsurance.com.

What Is Covered?

Tyre Insurance protects you against the unforeseen costs of having to replace or repair the tyres on your vehicle prematurely, as a result of accidental damage, puncture or malicious damage by a third party, resulting in the sudden and unforeseen deflation of a tyre or for sidewall damage that does not immediately lead to sudden deflation provided that the tyre is deemed illegal by UK MOT testing standards, subject to the terms, exclusions and conditions as detailed in your policy document.

This policy has a maximum claim limit per tyre of either £150, £300 or £450 including VAT, subject to the level of cover purchased. Should the cost of the replacement tyre exceed the maximum claim limit per tyre, you will be reimbursed up to the maximum claim limit.

Please note this policy is not transferable to another person or vehicle.

What Is Not Covered?

This insurance will not cover the following:

- Wear and tear, including any unevenly worn tyres caused by defective steering geometry outside manufacturer's recommended limits, or wheel balance; failure of a suspension component or shock absorber or which in the opinion of a qualified engineer was caused wholly or partly from a lack of maintenance e.g. incorrect tyre pressure.
- More than five tyre claims in the period of insurance.
- Any vehicle which is 10 years or older from the date of manufacture, or where the total mileage is greater than 100,000, at the start of the period of insurance.
- Where your vehicle is used as an emergency vehicle, taxi, or bus, for competition, including track days, racing, pace-making, hire or reward, off road use (including all Quad Bikes), driving school, transportation of goods, delivery, courier, public service vehicles or designed to carry more than eight people including the driver.
- Vehicles over 3500kg GVW or motorcycles, scooters or mopeds.
- Any claim where at the time of damage the tyre tread depth is less than 2mm across the full tread area of the tyre. If one or more of your tyres is damaged and the tread depth is less than 2mm across the full legal width, we will not pay your claim.
- Theft of the tyre(s).
- Where cover was purchased more than 60 days after taking delivery of the vehicle.

These are examples of the main exclusions. For complete details please refer to the full policy document.

Making A Claim

If damage occurs please contact the claim administrator within 30 days and report your claim according to the following procedure.

- 1 Contact the claim administrator on Telephone number: 0191 258 8185.
- 2 For Claims Authorisation The repairer must:
 - Advise us of your policy number and vehicle details
 - Confirm the tread depth of the damaged tyre(s)
 - Advise us of the cause of damage
 - Provide an itemised repair/replacement cost estimate with a digital photo of the vehicle and the damaged tyre(s).

If you delay reporting your claim without good reason and this delay means that we cannot check the circumstances of your claim, or that the amount of the claim is more than it would have been than if you had notified us earlier, then this may mean that we do not pay part or all of your claim.

If driving your vehicle means that this is likely to cause further damage, then if possible you should avoid doing so. We would recommend that if you have a serviceable spare tyre or wheel then this should be fitted in order to avoid causing further damage. If you are unsure what to do, please contact

Tyre Insurance

the claim administrator for advice. In all cases you must not arrange for any repairs, or dispose of damaged wheels or tyres, without specific authorisation from the claim administrator.
